FOR

HOME-MADE DRESSES

STRAWBRIDGE & CLOTHIER

Offer to non-professionals three premiums, $25, $15 and $10 each for the best Home-Made Dresses exhibited during the Fair, open to all the ladies of Burlington County. The conditions of the competition are as follows:

1st. The competitors must reside in Burlington County.
2nd. The dress must have been made since Jan. 1st, 1887.
3rd. The material must be woolen or silk, the color and quality being left to the discretion of the maker.

In awarding the premiums the Committee will consider:
First—Workmanship, 5 points.
Second—Economy of Material, 3 points.
Third—General effect, 3 points.

Should the Committee be unable to decide between two or more dresses, they may consider any other features that will enable them to arrive at a fair decision. Forms for displaying the dresses will be furnished free of charge, and a careful attendant will be in the department while they are on exhibition. CHAS. G. BLATCHLEY.

THE COMMON SENSE LIFT AND FORCE PUMP.

PATENTED MARCH 30, 1886, BY GEORGE S. AYER, MANUFACTURED BY CHAS. G. BLATCHLEY, PHILADELPHIA, FOR THE STATES OF PENNSYLVANIA, NEW JERSEY, DELAWARE, MARYLAND, VIRGINIA, NORTH CAROLINA AND DISTRICT OF COLUMBIA, UNDER EXCLUSIVE LICENSE FROM THE PATENTEE.

THIRTEEN Points of Excellence which recommend it for universal adoption.

1. It is constructed upon the same principle as the ordinary wood lift pump, and the force pump attachment can be applied to a pump already in use, making it at once a force pump.
2. The Air Chamber is the most perfect ever invented, securing a constant stream.
3. The attachment are bolted through the pump, actually improving the ordinary wood pump to that extent without referring to other advantages.
4. No special skill or training is required to set this pump.
5. The cost is so low that no one can afford to go without it.
6. It is so durable that, when known, no one will be willing to go without it.
7. It is worth its cost each year for washing carriages, or, for anybody who has not a carriage, for washing windows.
8. It is so easily worked that it is a pastime to use it. It is as good as a holiday to the children.
9. It works without noise, and for filling tanks, boilers, etc., or sprinkling lawns, it is the best pump in the market.
10. It is supplied with a float slide by which the water is let down in the winter as in the common lift pumps.
11. The handle can be removed by taking out a taper steel pin, a great convenience when the water is low and desired for home consumption only.
12. The work is all done on the downward stroke, which is the lazy man's natural way of lifting.

Parties taking hold of this business energetically will be protected in their territorial rights.

CAUTION,

Never DRIVE on the AIR CHAMBER. Always remove the Air Chamber before driving the Pump and, in replacing, tighten the screws evenly.

Jones' Alterative and Digestive

THE BEST

CATTLE POWDER

Aids digestion, purifies the blood and improves the general health of Horses, Cattle and other animals. It prevents and cures coughs, hog cholera, black comb and chicken cholera, and many other diseases. Horses will be fitter and do more service. Cows will produce at least 10 per cent more milk and butter. Hogs will grow larger on less feed, and the pork will be sweeter. Chickens will lay more eggs and will fatten easier.

Gilton P. Walton, of Columbus, N. J., has used it on a herd of very fine imported Stock for the last 15 years with entire satisfaction.

J. C. Gaskill, of Birmingham, N. J., having used many Condition Powders during the last twenty years, says it is the best he ever had.

Dr. J. Grigg, of Mt. Holly, N. J., has used it with the happiest results.

S. P. Cline, of Mt. Holly, N. J., says it has proved so satisfactory that he is losing all demand for any other.

Louis T. Derouss, of Camden, N. J., says, I have sold it many years and the inquiry now is not "do you have Cattle Powder?" But "do you have Jones' Cattle Powder?" I congratulate you on maintaining its high standard of excellence.

Taylor Bros., Camden, N. J., say we have sold it about 12 years with a constantly increasing demand and have used it on our own Stock with entire satisfaction.

Wilson, Fitzgerald & Co., Camden, N. J., say it is the all-sufficient Cattle Powder for us. We sell lots of it.

Use Jones' Cream Camphor Liniment. For Man or Beast.
