RANCOCAS FERTILIZER WORKS, Centreton, Burlington Co., N. J.

"ACTIONS SPEAK LOUDER THAN WORDS."

The results achieved by our manures during the many years they have been tested by the farmers of this vicinity, in comparison with other goods, bear us out in our claim that we are furnishing in them just what we have found by careful trial and long experience grows the most crop.

We are constantly solicited to buy some of the various cheap materials which are now so largely used to bring the "theoretical valuation" of Fertilizers up to high figures at low cost by using substances which show by chemical analysis large percentages of the various ingredients, but in inert forms in which the roots of the plants can not take them up, but we do not use such stuff.

We are so old fashioned as to make OUR MANURES TO GROW CROPS WITH, and we will remind the farmers that the best Fertilizers

For Wheat, Rye, Oats and Corn, are

Allen's Nitro-Phosphate, Allen's Popular Phosphate, Allen's Dissolved Bone Phosphate, Allen's Ammoniated Raw Bones.

—FOR ALL TRUCKING PURPOSES, USE—

Allen's Guaranteed Ten Per Cent. GUANO,

Warranted to contain over 10 per cent. of Ammonia, and is like the old fashioned Peruvian Guano in its action.

Soluble Marine Guano.

Allen's Dried and Ground Fish Guano,

Allen's Potato Manure,

Allen's Cabbage Manure.

—MANUFACTURED BY—

J. J. ALLEN'S SONS,

Office, 124 South Delaware Avenue, Philadelphia.

JACOB H. LEEDS, RANCOCAS, N. J.,

GENERAL AGENT FOR BURLINGTON COUNTY AND VICINITY.
